EVERY CHILD DESERVES A RIGHT TO DREAM
Hello, we’re FundLife!

It’s ok if you’ve never heard of us, we were only founded in 2014.

We know we're young, but we foster that youthful energy and passion to support children in reaching their full potential, whilst adopting innovative solutions to tackling acute poverty and social injustices.

Supported by our experiential education programme that offer pathways to opportunity and employment. We deliver hope and identity where it previously did not exist.

We work through a collaborative network of partnerships with private and public sector to augment both our reach and impact.

FOOTBALL FOR LIFE (F4L)
FundLife’s flagship programme, Football for Life, invests in children that have been affected by the super typhoon Haiyan in the Philippines to make them see everything is still within their reach.

By leveraging sport as a foundational platform for opportunity to stand, F4L supports children from recovery through to development.

SAMA SAMA GAMES
The Sama-Sama Games is an annual festival to unite polarised groups to promote connectedness and social cohesion through the power of sports.

In 2014, we took 50 young people from the most deprived communities to Boracay, one of the world’s most majestic islands - in the process, giving them a transformational journey of change while delivering the Philippines biggest beach sports festival!
